- Operating System

Experience

Acwits

June 2024 – August 2024

Full Stack Developer Intern

Noida, Uttar Pradesh

- Developed and maintained both front-end and back-end components of web applications using technologies such as React.js, Node.js, Express.js, and MongoDB.
- Built responsive and user-friendly interfaces with React.js, incorporating state management and component-based architecture.
- Created and managed server-side logic using Node.js and Express.js, including API endpoints, authentication, and data processing.

Blotic

Feb 2023 – Oct 2023

Front End Developer

Pune, Maharashtra

- Used key features such as an Authentication system, User profiles, Bounty platform, and a leaderboard..
- Successfully work in a team of 5+ developers.
- Developed a community platform Blotic.org within a tight deadline of 15 days.

Projects

BookMyshow Application | *MongoDb, Express.Js, React.Js, Node.JS*

April 2024

- Developed a dynamic and responsive user interface using React.js, incorporating state management with React Hooks and context API.
- Designed and implemented functionalities, ensuring a cohesive and efficient user experience.
- Utilized MongoDB to design and manage a scalable, NoSQL database schema for storing movie data, user profiles, and booking information.

Personal Portfolio website | *Html, Css, Javascript*

March 2024

- Designed and built a responsive portfolio website using HTML, CSS, and JavaScript to showcase projects and skills.
- Applied modern HTML5 semantic elements and CSS3 features, including Flexbox and Grid, for styling the website.
- Utilized Google Sheets API to enable real-time data submission and storage directly from the website to a Google Sheets spreadsheet.
- Implemented JavaScript to handle form submissions and send user input to a Google Sheet for storage and analysis.

Blotic website | *MERN Stack*

June 2023

- Developed a dedicated section for Web3 learning resources, focusing on fundamentals and advanced concepts.
- Built the front-end using React and styled with Tailwind UI for a modern and responsive design.
- Deployed the platform on Netlify, implementing continuous deployment for seamless updates..
